PERSONAL PROFILE

I am a dedicated graduate with a Bachelor of Science (Hons.) in Computing from London Metropolitan University, UK, through Informatics College, Pokhara, Kaski. With 2 years of experience as a senior app developer, I have honed my programming, web design, and application development skills. Outside work, I enjoy traveling, programming, writing code, and watching movies. As a proactive problem solver, I excel at generating and implementing innovative ideas, consistently delivering high-quality solutions.
